

Captain Smiley and You!

Take an interesting picture with Captain Smiley and upload it to us. What do we mean by interesting?

First, we want people. We already know what Captain Smiley looks like, so we'd prefer to see people with Smiley since people are what make pictures the most interesting. Secondly, interesting can be any landmark or place that's interesting to you.

Can I see some examples?

Sure! Take a look at the Articulate Captain Smiley pool at: <http://www.flickr.com/groups/articulate/pool/>. We'll be migrating those pictures and collecting new ones to create a special Captain Smiley and You page on our web site.

How can I participate?

Good question. Here's your mission:

1. Secure your Captain Smiley.
2. Bring him with you when you travel or go out for a night on the town.
3. Get someone to take a picture of you and Captain Smiley.
4. **Upload your photo(s)** to Articulate at <http://upload.articulate.com>. Please ensure to **reference Smiley as the Case Subject** on the form.

Have fun with it, and we'll look forward to seeing your photos and sharing them with the world!
